Star Favorit Mirror Gloss Surface

The gloss factor shines through

FunderMax knows that lustre matters, which is why for many years we have been producing surfaces with graded gloss finishes. Now we have developed Mirror Gloss, which delivers an extremely high-grade effect, increasing the brilliance of our high-gloss surfaces by 20%.

Bringing a shine to every application

Whether deployed as a front face or side surface, in the kitchen or the bathroom, as functional furniture, as part of an elegant wood structure or as a plain-colour surface, our high-gloss reflective surfaces enhance any environment.

High-tech development

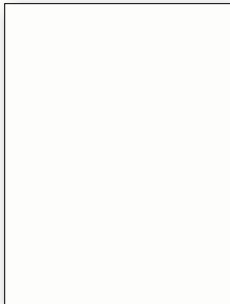

We developed our reflective surfaces through years of research activity, involving completely new impregnation processes, sophisticated resin formulas and advanced pressing processes. Moreover, the new reflective surfaces in the Star Favorit range are particularly resistant to heat and chemical exposure.

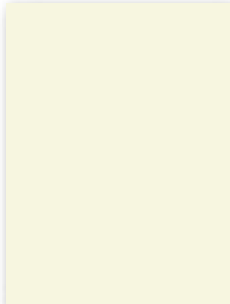

Format	2800 x 2050 mm 5,74 m ²
Thickness	19 mm on stock further thicknesses on request
Surface	Front: SG Reverse side: SF
Protection foil	Standard: protection foil one sided
Minimum quantity	on request
Edging Stripe	ABS (23 x 1 mm), SG
